

# Kanazawa University's Guideline to Prevent the Spread of Coronavirus Disease 2019 (COVID-19) as of September 15, 2020

○ Current alert category \*Colored cell: University's current situation

Category	Definition
<b>A (Caution Required)</b>	When the risk of infection is significantly reduced.
<b>B (Vigilance)</b>	When there is a risk of infection spread in Ishikawa Prefecture, but the local government has not declared a state of emergency on its own.
<b>C (High Alert)</b>	When infection spreads rapidly, the medical care in the area is limited, and the local government declares an emergency. (A state very close to level D)
<b>D (Emergency)</b>	When there is a request for simultaneous closure by the national government or local government due to a national emergency declaration; when there is an outbreak of infected persons or cluster infection at multiple departments on the campus.

○ Concrete guideline [Example] ○ : Allowed, △ : Limited, ▲ : Prohibited or Strictly limited

Level	Education (Lectures/ Seminars, Experiments / Practical trainings)	Research activity of faculty and students	Extracurricular activity of students	Office work (Administrative staff, technical staff, etc.)	Meetings	Business trips / travel (All members)
0	As Normal	As Normal	As Normal	As Normal	As Normal	As Normal
1	<p>△ Lectures and seminars can be conducted with infection prevention measures (Indication : Keep distance of at least 1m between each participant, · Keep adjacent seat (front, back, left and right) unoccupied, · Keep the occupancy of the class room less than 50% of capacity in usual time.)</p> <p>○ Experiments and practical training can be conducted with infection prevention measures</p> <p>▲ Group work of long period of time (15 min. and longer) or close position (within 1 meter in between) is forbidden.</p>	<p>○ Research activities are possible with infection prevention measures</p>	<p>△ Possible with maximum consideration to prevent the spread of infection. However, as a general rule, activities that cannot avoid the three Cs are prohibited (some activities may be permitted under certain circumstances).</p> <p>△ In principle, events hosted or co-sponsored by the University should be cancelled or postponed (with partial approval under certain circumstances).</p> <p>△ As a rule, participation in games, concerts, etc. should be cancelled or postponed (with some exceptions allowed under certain circumstances).</p> <p>▲ The training room is closed.</p> <p>▲ In principle, training camps without games, concerts, etc. are prohibited.</p>	<p>○ Regular work, with infection prevention measures (Work-from-home, Using separate office, Flex time etc.)</p>	<p>○ Face-to-face meeting is possible with infection prevention measures</p>	<p>○ Careful business trips and travels for endemic areas allowed</p>
2	<p>△ Distance lectures using ICT are recommended for large-scale lectures and seminars of 61 or more students</p> <p>△ Lectures and Seminars for small classes of 60 students or less can be conducted with infection prevention measures (securing a space of about 4㎡ / person)</p> <p>△ Small-scale experiments / practical training can be conducted with infection prevention measures (large-scale experiments / practical trainings are not allowed)</p> <p>▲ Group work not allowed</p>	<p>△ Home-based research activities are recommended</p> <p>△ Minimum necessary research activities can be continued with infection control measures</p>	<p>▲ In Principle, prohibition of activities outside the university. (some activities are allowed depending on the situation)</p> <p>▲ In principle, events sponsored or co-sponsored by the university should be canceled or postponed. (some activities are allowed depending on the situation)</p> <p>▲ As a general rule, participation in games, concerts, etc. should be cancelled or postponed (with some exceptions allowed under certain circumstances).</p>	<p>△ Partial implementation of half to one-third of teleworking or working at another room and utilization of staggered commuting</p>	<p>△ Online meetings are recommended as much as possible</p> <p>▲ Face-to-face meeting is possible with infection prevention measures (securing a space of about 4㎡ / person)</p>	<p>△ Refrain from unnecessary and urgent business trips and travels</p>
3	<p>▲ Face-to-face lectures and seminars are completely prohibited (except for distance classes using ICT)</p> <p>△ Only experiments / practical training held by the minimum number of students can be conducted (under the supervision of teaching staff)</p>	<p>△ In principle, only home-based research activities are possible</p> <p>▲ Self-restraint for coming to the university except for faculty and staff who are necessary to maintain ongoing experiments and research resources (Some entrances are allowed depending on the situation)</p>	<p>▲ Prohibition of all activities, both inside and outside the university (some commuting are allowed depending on the situation)</p>	<p>△ In principle, teleworking only</p> <p>▲ Minimum number of staff allowed to work shifts for a short time to continue work related to important projects</p>	<p>△ In principle, only online meetings are allowed</p> <p>▲ Face-to-face meeting is allowed only when there is an urgent need and space of about 4㎡ / person is secured</p>	<p>▲ In principle, unnecessary and non-urgent business trips and travels for areas subject to the emergency declaration are prohibited. Refrain from unnecessary business trips and travels for other areas</p>
