10 Comprehensive Insurance for Student Life Coupled with PAS ( "CIS-PAS" )

University students are involved with diversified activities, such as on-campus projects as well as off-campus activities. In this context, Kanazawa University strongly recommends “Comprehensive Insurance for Student Life Coupled with PAS” (CIS-PAS) as a compensation program capable of covering any aspect of your student life.

CIS-PAS provides 24-hour comprehensive insurance coverage to your student life (*1), as it covers actual expenses on treating off/on-campus injury/disease uninsurable with PAS (including health insurance patient’s pay and novel influenza) and also takes care of your liability (during your part-time job or club activities) when you cause an accident. CIS-PAS is a user-friendly insurance program because the nationwide organization’s discount is applicable.

If you think PAS does not provide sufficient insurance coverage, you may join CIS-PAS voluntarily. If you wish to join CIS-PAS, go through necessary procedures after confirming the insurance coverage, as shown in the enclosed brochure. In this insurance program, you will choose your insurance coverage type from several options. Only students who have joined PAS are eligible for this insurance.

Refer to the enclosed brochure for contact information on CIS-PAS.

(*1) Death or physical disability during your regular curricular activities or school events, in extracurricular activities (club activities) permitted by your school, or in school facilities (except for dormitory) are not covered with this insurance program, but with Personal Accident Insurance for Students Pursuing Education and Research (PAS).
