3 steps to take personal protective action !

DROP

COVER

HOLD ON

Checklist of Actions to take when Earthquake strikes!

※ **Pay attention to the emergency earthquake warning relayed through the speakers.**

- ① Take personal protective action for two minutes to reduce chance of injury (see the figures below).
- ② Evacuate from the building to a nearby safe space outside (temporary evacuation area) using the designated evacuation route.
- ③ Upon arrival at the temporary evacuation area, report your presence to the person in charge.

1 DROP to the ground.

2 COVER yourself by getting under a sturdy desk or table.

3 HOLD ON until the shaking stops.

◆ Lecture on 2nd Period will finish by 11:40am
