

2023 Annual English Proficiency Test Fee Assistance

At Kanazawa University, in order to provide students with opportunities to improve their English proficiency and develop an early awareness of studying abroad from the perspective of fostering global human resources, has made it compulsory for undergraduate students to take the English Proficiency Test twice during their studies (one of them is taken as part of TOEIC Preparation IV in the first year), and for doctoral and master's students to take the English Proficiency Test once during their studies.

As part of this support, we will subsidize part of the examination fee for the English proficiency test.

Starting with students enrolled in the 2021 academic year, we have made TOEIC scores a requirement for graduation and completion for all students. The details vary depending on your course or division, so please be sure to check the details.

In addition, support under this program will end in 2023.
