Even if they meet the criteria, they may be waived by half the amount or be rejected.

2. Deferment of payment of admission fee

For students in Graduate Schools, Bekka and Undergraduate's courses not covered by the new system, based on their application, those who meet all of the application qualifications, academic and household criteria stipulated in the University's Admission Fee Waiver Regulations will be selected.

The selection process is carried out every semester and is not necessarily the same as the previous result. 3. First and second semester batch applications

Applicants meeting certain conditions are eligible to apply for both the first and second semesters of the 2025 academic year at the same time in their first semester application as a "First and second semester batch application."

In such cases, the application for the second semester will be completed during the second semester application period scheduled in August 2025 (tentative) by simply submitting a declaration stating that there have been no changes to the contents of the application made in the first semester, and without the need to submit further application documents. Please note, however, that applicants may be instructed to submit additional documents or to apply again as second semester application depending on the applicant's household's financial situation.

Applicants wishing to make a first and second semester batch application should read the following information carefully before applying.

3-1. Requirements for a first and second semester batch application

Only applicants whose application details (e.g., household financial situation, family situation, schooling status, etc.) have not changed in the first and second semesters may apply.

Applicants falling into categories ① - ③ below are not eligible to make a first and second semester batch application.

- ① Students planning to graduate or complete their studies during the academic year (June, September, December, etc.)
- ② Students planning to take a leave of absence or withdraw from the University during the academic year

Note that, should any unanticipated changes to the contents of an applicant's application (e.g., household financial situation, family situation, schooling status etc.) occur after submitting a first and second semester batch application, the applicant must contact the Student Support Section of the Student Support Division to make a new application for the second semester. Please note that where it is found that changes have occurred but a new application for the second semester has not been made, the batch application shall be invalid and it will not be possible to receive a tuition fee waiver for the second semester.

In addition, should the applicant decide to take a leave of absence or to withdraw from the University during the academic year they have applied for a tuition fee waiver, the applicant should contact the Student Support Section, Student Support Division as soon as possible and we will invalidate your application.

Note. Even if a first and second semester batch application is approved, the selection process shall be carried out on a semester-by-semester basis. The results of selection may therefore vary between the first and second semesters.

- ③ In regards to this application, the "applicant" is the student himself/herself, and the "application date," which is the reference date for the family situation, shall be "April 1" for the first semester and "October 1" for the second semester.
- ④ The students themselves should understand their household situation as of the date of their application, and should complete the forms specifically and in detail. Those who advanced from our university should fill in the information after advancing. Privately- financed students do not need to provide information on family members who do not live in Japan.

(2) Recording household income

International students	<p>The applicant (Including only a spouse where they are living in Japan, and dependents of the applicant under the Income Tax Law (children, parents living in Japan, etc.))</p>

* If a person who is a dependent under the Income Tax law at the time of application ceases to be a dependent as of the application base date (1 April for the first semester and 1 October for the second semester), he or she is not included in the family. Results will be sent by mail in mid-August 2025 (tentative) using **the return envelope (submitted at the time of application)**.

- * Payment of the admission fee will be deferred until notification of the results of the waiver or deferral of the admission fee.

- * Those who have been declined or awarded a half waiver of the admission fee may apply for deferral of payment of the admission fee. Where deferral of admission free payment is granted, the deadline for deferral of payment shall be September 30 for students enrolling in April and March 31 for students enrolling in October (In both cases, if this day is a holiday or public holiday, until the weekday just before).
- * **Should students who have been denied an admission fee waiver or deferral of payment, or who have been granted a half-waiver or deferral of payment, not pay the admission fee that is due, their admission will be revoked and they shall be expelled.**

7. Handling of personal information

- ① Personal information submitted in the application and personal information obtained by the University will be used for the purpose of screening admission and tuition fee waivers. In addition, the results of the selection process for admission and tuition fee waivers will be used for operations related to the collection of admission and tuition fees.
- ② Personal information obtained in the course of ① as well as the results of the admission and tuition fee waiver selection process may be used for operations relating to financial support for students. In addition, information may also be used in an anonymized form for the purposes of improving university education, student support and university administration (various statistical surveys and analyses, project planning etc.).
- ③ In conducting the operations in ① and ② above, some tasks may be outsourced to external companies. In such cases, a contract will be agreed between the University and the contracting entity to ensure the appropriate handling of personal information, whereupon some or all personal information shall be provided to that entity.

8. To Students and Parents

In principle, tuition waivers **should be applied for by students themselves** to encourage their independence. If anything is unclear in the screening process, we will ask the student himself / herself. **Please apply by the student himself / herself after fully understanding his / her family situation.**

In addition, in order to ensure equity and fairness, each deadline for applications will be handled strictly. Therefore, **we will not accept applications after the application period has passed for reasons not attributable to the University**, such as "I did not know," "I did not notice the notification," or "I was busy.". We appreciate your understanding and cooperation.
